CONCIERGE MOBILE PRACTITIONER

The art of beauty directly to you in the comforts of your own home, office, or any other safe and convenient location.

BOTOX Cosmetic®

JUVÉDERM® XC

JUVÉDERM VOLUMA® XC

What's the Difference?

BOTOX® Cosmetic can improve wrinkles that are caused by muscles that move. This is most effective in the forehead, around the eyes, and in the area between your brows.

JUVÉDERM® actually fill in the deeper wrinkles like those between your nose and mouth, and can plump your lips. They are different, but complimentary products.

Concierge Mobile Practitioner

The treatments can be done in the relaxation of your own home or office, providing a comfortable, intimate environment for you and your friends, making facial rejuvenation treatments more convenient today than ever.

Private Parties Also Available.
